RMC

RETIRED MEMBERS CLUB

of NEW YORK LIFE

Congratulations on your retirement from New York Life. We hope you will consider joining the RMC. We have a lot of fun while both maintaining our NYLIC friendships and making new friends along the way.

Please enjoy reading about us and we hope that our paths will cross soon!

OUR MISSION

RMC was formed to maintain and renew friendships among retired employees of New York Life Insurance Company. Through RMC we develop new friendships and provide social opportunities and activities to our members. We hope to enhance the reputation and business standing of NYLIC in communities in which RMC members live. We also provide NYLIC with a pool of experienced, loyal retirees who are available to assist the company when and if called upon to do so. We offer members opportunities for participation and support of the financial services industry and enhance the standing and reputation of NYLIC in the industry.

RMC ELIGIBILITY

The Club is open to all retired Field and Home Office employees who are at least age 55 and had at least 10 full years of NYLIC service (including service at its subsidiaries). Otherwise, membership is without regard to any of the usual protected statuses.

HOW TO JOIN

Joining the RMC is easy. Go to our website's Members page (www.nylrmc.org/members.html) and open the *Application Form* tab. We suggest you complete the form online before printing. Please submit the application form, along with your payment, to the address on the form. The annual dues are currently \$50.00 per year.

RMC ANNUAL REUNIONS

Each year, we get together for our annual reunion. These are the highlight of the year where we get a chance to renew friendships, visit beautiful places in our country, and hear from interesting speakers. Recent reunions were held in Carlsbad, CA, Amelia Island, Florida, and Colorado Springs, Colorado.

The reunions are for 3 days beginning with a reception/dinner on night one, morning business sessions on day two and three with optional tours of area attractions in the afternoons; a formal dinner on day three and a breakfast on the departure day. Our speakers have included CEO Ted Mathas and other Home Office officers; our own members talking about the interesting things they are doing in retirement; and local historians who share colorful histories of the areas.

To learn more about our upcoming reunion and past reunions, visit our website, www.nylrmc.org and go to the **Our Next Reunion** and **Our Last Reunion** pages. Here you will find all the details including a typical agenda, the types of optional tours and who has already registered for the event.

We hope to see you at a future RMC Reunion.

RMC Newsletter - August, 2018

Greetings from the New York Life Retired Management Club (RMC)!

I hope all of you are having a wonderful summer. Jen and I are getting ready for a week at the Outer Banks of North Carolina with our 10 grandkids. Counting their parents there will be 18 of us in the house. I refer to it as controlled chaos but love every minute of it.

I would like to report to you that your board of directors has been quite busy. In a conference call this week we proposed a number of ideas and actions for the following initiatives:

Increasing Membership:

We currently have 88 members with 40 from 2016 and 2017 who have not yet renewed. Your board of directors is currently calling former members to renew for 2018. As an incentive, we are offering for both new and returning members that their dues paid after August 1st will count for both 2018 and 2019.

An archive of past newsletters may be seen on our website, www.nylrmc.org/newsletters.html.

RMC OUTREACH PROJECT

One of the missions of the RMC is to support industry specific endeavors to improve the financial services industry and enhance the standing and reputation of NYLIC in the industry. To that end, we have an ongoing project - **The American College Internship Program & Endowment Fund**.

Endowment Fund

New York Life has a long history with **The American College**. When you contribute to the RMC Endowment Fund, you are helping to keep the New York Life spirit strong. We created the RMC Endowment Fund using voluntary annual contributions from our members to The American College.

The American College Internship Program

Through the Endowment Fund, we provide an annual summer internship program at the American College of Financial Services. This program is for college students or recent graduates interested in a career within the profession to gain a deeper understanding of the industry. Only relatives of RMC members and New York Life employees are eligible to apply for this internship. RMC members' relatives are given first consideration.
